GILDA

Gilda is a table lamp with a Murano glass base. The base is produced by a traditional process in the furnace, in which several layers of coloured glass are superimposed to create this effect that will be different in every piece. Then it is blown individually in a stamp determining the shape. After the tempering process the glass is passed by a band to obtain the matt finish. The shade is a truncated cone with top diffuser disc, available in white fabric only. The base is lit internally thanks to a LED system that can be switched on/off independently from the lampshade.

**MIYA**

Lamps inspired by the soft atmospheres of the Armani Privé club in Milan. All versions feature an iconic lamellar cube that filters light in a very cozy and luxurious way. The table version is dimmable and made in wood for what concerns the base and the lamellar structure, while vertical bars and other details are in metal. All wooden layers are painted in gold on the bottom, to increase the warm tone of the light. The small version, instead, is in greige painted wood and has a LED working with a battery device.
