DANDY

Bed with completely padded high headboard. The headboard is designed in the shape of an arch rounded in the floor plan view, so that the most external parts are detached from the wall: this feature endows the bedroom interior with lightness and motion and allows the bed to be located centrally in a room. The header comes in two different sizes and must be ordered separately. The sommier is available with or without container. Dandy can be upholstered with all suitable Armani/Casa fabrics (removable) or Soft Touch Leathers in collection.

LAND

Bed with bow section header, padded to give more comfort and softness. The raised structure with four legs creates a single piece with the sides of the headrest: for this reason it can be finished with non removable materials only, like Faro fabric, colour Platinum, or the Technical Dark Green Fabric. On the contrary, the front and the back of the headrest can be decorated with all removable Armani/Casa fabrics. Feet in Satin Light Brass.

**MORFEO**

Morfeo comes from the idea of a floating bed, a concept that becomes reality thanks to the thin, softly curved headboard and footboard. The structure is made of a single element, curved at the ends, clad in a patterned technical fabric and outlined with a rounded solid wood frame. The cover in technical fabric is not removable. The version in Canaletto Walnut is matched with Norfolk fabric, a precious cannetè interrupted by diagonal lines, available in 9 colors. This bed matches with the Meneo range of bedside tables.
