ENYA

Console

ENYA

DESCRIPTION

The Enya console is available in a low and a tall version. Enya low is made specifically to be positioned on the back of the 3 seats Canaletto sofa and similar, but can also be used as a low console. Enya tall to be used in an entrance/corridor, a living room or behind sofas with higher backrests like Engadin or London. The design is the same for all size options, with a slight difference for the longest versions: for technical reason, in fact, they feature an additional central leg that reaches the top, dividing the shelves in two.
