Chair

OMAGE

DESCRIPTION

Omage is a dining chair marked by a light silhouette, featuring a structure in solid wood. The structure of the seatback continues in the rear legs, creating a unique element. Since the wooden structure is very discrete and leaves the upholstery perfectly visible also from behind, Omage is a perfect match with very decorative fabrics. Upholstery available in all suitable fabrics, Thin and Soft Touch Leathers in collection. Covers are not removable. The oak version is made with solid ashwood, painted to perfectly match products in our iconic Brushed Brown Oak.
