

 ARMANI / CASA

JOLANDA

Table Lamp

JOLANDA

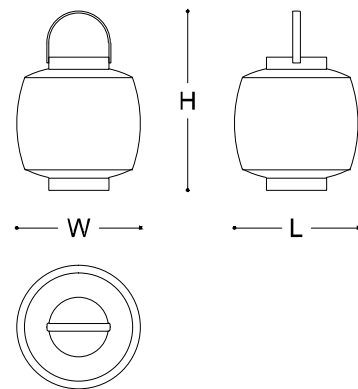

DESCRIPTION

The shade of Jolanda is made completely by hand, following the ancient techniques of Murano glassmaking. The glass shade is produced by a traditional process in the furnace, where a series of coloured glass rods are fused on a mass that is superimposed on an internal layer of white opal glass in order to create a series of veins similar to those of marble. The lamp is illuminated by LED of 3000° k. Like all Armani/Casa lamps, Jolanda requires a power supply box (to be bought separately) to work.

MADE IN ITALY

DIMENSIONS

Ø 31 x 45 h cm - Inch Ø 12.2 x 17.7 h

FINISHES

Bronzed Brass /  
Dove Grey Murano Glass

## TECHNICAL INFORMATION

### Structure

Inner structure in steel, finished with brass.

### Lamp shade

Murano glass.

### Finishing and painting cycle

Metal treated with transparent nitre solvent.

### Lighting system

LED.

### Power supply box

Input: 100-240V ~ 0.7A, 50-60HZ

For indoor use only.

### Maintenance and disposal

Product designed for indoor use. Make sure that the surface does not stay in contact with water or other liquids, even for short periods. The product is made with finishes subject to deterioration if treated with unsuitable substances. Always use neutral and creamy cleaning solutions without alcohol or acids. Never use steel wool or abrasive sponges but a soft wet cloth. Dry thoroughly after each cleaning. The replacement of damaged parts must be done only with original pieces: in this case, please contact an official Armani/Casa dealer for assistance. At the end of its useful life, the product must be returned to an authorized collection center for disposal.
