PLANET

Dining table

PLANET

DESCRIPTION

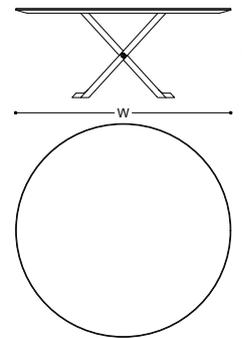

The table Planet extends the range of round tables by Armani/Casa, inserting an option that features the X-shaped legs typical of our brand. The X shape immediately echoes other iconic ranges from our collection, like the Oreste small table and the Club cocktail cabinet. The structure - featuring legs and frame of the top in solid wood - is very light thanks not only to the slim legs, but also to a visual effect created by the top, that has a 4 cm thickness that reduces toward the edges. The Planet range also includes an accessory, the Lazy Susan (an optional rotating tray, to be bought separately) made in Grey Colombian Marble.
