LOULOU  
Glassware

## LOULOU

## DESCRIPTION

Set of stem glasses in ancient white Murano glass. Pieces with strong features of the Murano tradition, made with an ancient and complex artisanal technique. The white coloured glass is inserted into a mold that creates the streaks, and afterwards it is mouth blown into another mold to obtain the shape. Eventually, a glass mass is hand modeled to create the stem of the glass. Every piece has the Armani / Casa – Murano writing and the year of production.

MADE IN ITALY.
