JOLANDA

Floor lamp

JOLANDA

DESCRIPTION

Jolanda is a Murano lamp available both in the floor and table version, inspired by the shape of the traditional lanterns from the far east. The shade is completely hand made, following the ancient techniques of Murano glassmaking: a series of coloured matt glass rods are fused on a mass of white opal glass, in order to create streaks similar to those of a rock. After the process of tempering, the glass is worked by hand to get a matt finish. The lamp is illuminated by a led of 3000k to obtain a warm tone. The light is dimmable.

Like all Armani/Casa lamps, Jolanda requires a power supply box (to be bought separately) to work.

Maintenance and disposal

Product designed for indoor use. Make sure that the surface does not stay in contact with water or other liquids, even for short periods. The product is made with finishes subject to deterioration if treated with unsuitable substances. Always use neutral and creamy cleaning solutions without alcohol or acids. Never use steel wool or abrasive sponges but a soft wet cloth. Dry thoroughly after each cleaning. The replacement of damaged parts must be done only with original pieces: in this case, please contact an official Armani/Casa dealer for assistance. At the end of its useful life, the product must be returned to an authorized collection center for disposal.
