NINFEA
Coffee Table

NINFEA

DESCRIPTION

Ninfea is a range of coffee tables with methacrylate legs. The thin top is made in Egypt Lacquer, a finish combining different techniques: a yellow metallic paint is applied on a technical fabric and, when it is dry, the fabric is crumpled to crack the paint and create an irregular surface. The fabric is then applied on a panel and coated with a protective transparent lacquer.

MADE IN ITALY.

Maintenance and disposal

Product designed for indoor use. Make sure that the surface does not stay in contact with water or other liquids, even for short periods. The product is made with finishes subject to deterioration if treated with unsuitable substances. Always use neutral and creamy cleaning solutions without alcohol or acids. Never use steel wool or abrasive sponges but a soft wet cloth. Dry thoroughly after each cleaning. The replacement of damaged parts must be done only with original pieces: in this case, please contact an official Armani/Casa dealer for assistance. At the end of its useful life, the product must be returned to an authorized collection center for disposal.
