Coffee Table

PLAY

DESCRIPTION

Play is a range of versatile coffee/side tables. As their name suggests, they have been conceived to give you the maximum flexibility: in fact, each structure can be placed using the side you want as base, and it can be completed by adding the top. Bases and top are sold separately, in order to leave the maximum freedom of choice. The structures are entirely made with solid Canaletto Walnut, featuring a special technique for the joints that does not require any metal part. The top is in Black Glass, obtained by painting a smoked tempered glass (thickness of less than 2 cm) on the lower side: the final effect gives the illusion of a shiny black lacquer.

MADE IN ITALY.
